

## Types of Community Entries for the Junior Parade

Thinking of joining? Not a marching band or dance/drill baton group?  
Here are three fun & easy ways to participate...

1. Build a **FLOAT**. It's not as hard as you think! Download our handy instruction guide: [How to Build a Junior Parade Float and ma](#)
2. Ride your **WHEELS**. Decorate your bike, trike, wagon, wheelchair or stroller. Skates, skateboards and unicycles welcome too! We encourage using fresh or silk flowers in your décor, but you can also use crepe paper, ribbons and bows, fabric, or anything else your imagination suggests (how about colored saran wrap, colorful plastic sheeting, or even aluminum foil)!
3. **MARCH** in time. Groups and individuals are welcome to walk in the parade. Dress in costume or uniform! Pets are welcome, but please use leashes and plan ahead to provide water and clean up after your pet.

Awards will be given to exceptional entries in the floats and wheels categories. In addition, our judges will be looking for outstanding costumes and fantastic international entries! Winners will be listed on our website.
