What is your favorite place to visit in Portland and why?

"Out of all places in Portland, even though it's not on any tour lists, my favorite spot is my high school. Roosevelt is the helm of my St. John's neighborhood, where our diverse community gathers and seeks refuge. It is where the love culminates."

What are you most proud of during your high school career?

"I am really proud of the impact I've made on my women's cross country and track team. I began my time as a runner, freshman year of high school on the cross country team. By the time senior year rolled around, my women's team won an entire meet and placed highly within our entire district. I felt really glad to be able to be a representative for women's distance at my school and build the culture for young women to fulfill their dreams."

What is your favorite Rose Festival event and why?

"I might be a bit biased but I think it's so special that the Rose festival is kicked off in my neighborhood of St John's. The St. John's parade is like a warm hug, it is completely community based, with people showing off their beloved cars, schools, horses and music. It is the epitome of what the Rose Festival means, community and togetherness."
